Goliath™ Printing Advantages

PRINT OPTION 2
Serial Number 20 X 9mm
Standard Code 5 X 3mm

PRINT OPTION 1
Serial Number 16 X 7mm
Standard Code 5 X 3mm

PRINT OPTION 3
Serial Number 16 X 7mm
Standard Code 5 X 3mm
Bar Code 5 X 3mm (Laser)

The example above illustrates the differences in each **Goliath™** printing option, compared to common ear tags types of the same category and dimensions (~45 X 45mm). The **Goliath™** was designed to cover a larger printing surface, especially for the serial numbers. The biggest printable elements combined with the **Hot Embossed** printing method ensure maximum visibility & long term of the ear tags.
