Welcome to Goliath™ print sector!

READ CAREFULLY.

On the below form pages you will find all of the standard ***Goliath Rigidtag™*** *printing options. The standard options are designed to cover the greater proportion of printing needs.*

In case you require a different printing structure from the already standardized ones*, we can correct or redesign a new custom print for you.*

In the printing options concerning the ministry approved marking*, there is a color restriction based on the legal provisions of each country.* For cases involving ministry approved marking*,* together with the order form you should also attach the relevant documents from the veterinary authorities*.*

In the printing options related to management marking, the ***Goliath Rigidtag™*** *eartag* it is available in 10 shades*. The wide variety of shades contributes to the creation of color coding combined with the printing.*

Finally, make sure you have filled in all the necessary information*,* attach any additional required documents and send them to *info@dlsid.gr* .
